# SAMUEL BELO

Software Developer

I am a software developer with over 2 years of professional experience, proficient with JavaScript/TypeScript ecosystem (NodeJs, ReactJs), SQL, and NoSQL databases (PostgreSQL, MongoDB, and Redis), and AWS cloud services (EC2, S3, Lambda, SES, CloudWatch, and EventBridge). I am comfortable working in agile environments and have experience working in Scrum teams. I am skilled in collaborating with teams to solve problems and implement innovative solutions.
